

BEGINNER STAGE DRAWING

Name _____

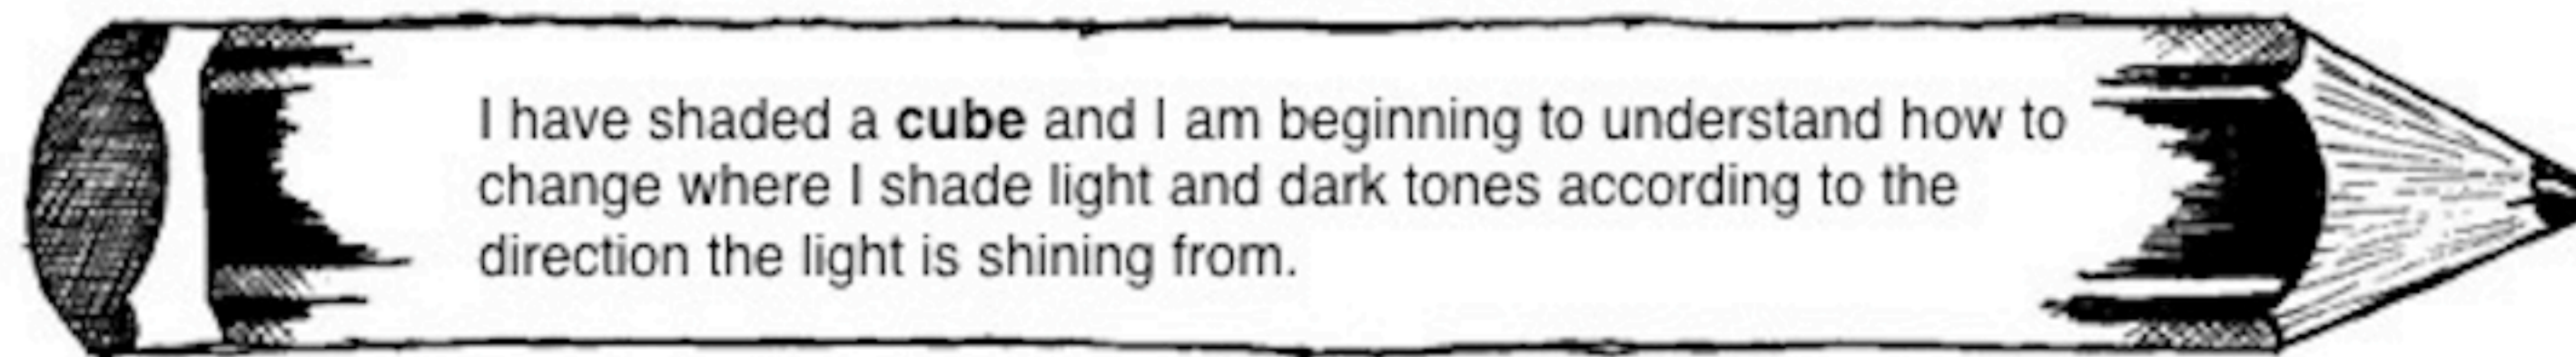

I am beginning to use light **guidelines** when I'm sketching out my drawings to help me set them out correctly.

I've done this!
Date completed: _____

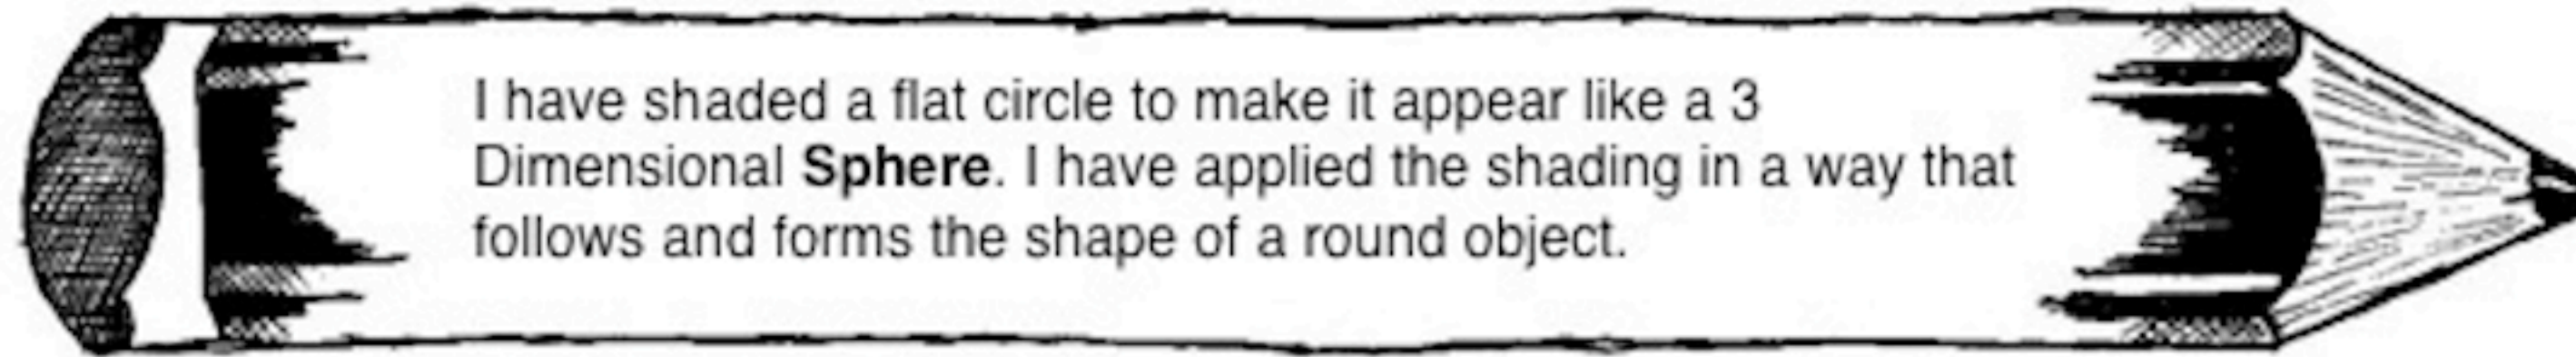

I am beginning to understand how objects are made up from 3D **geometric** shapes and I'm beginning to be able to identify these shapes and apply them when I'm drawing.

I've learned this!
Date completed: _____

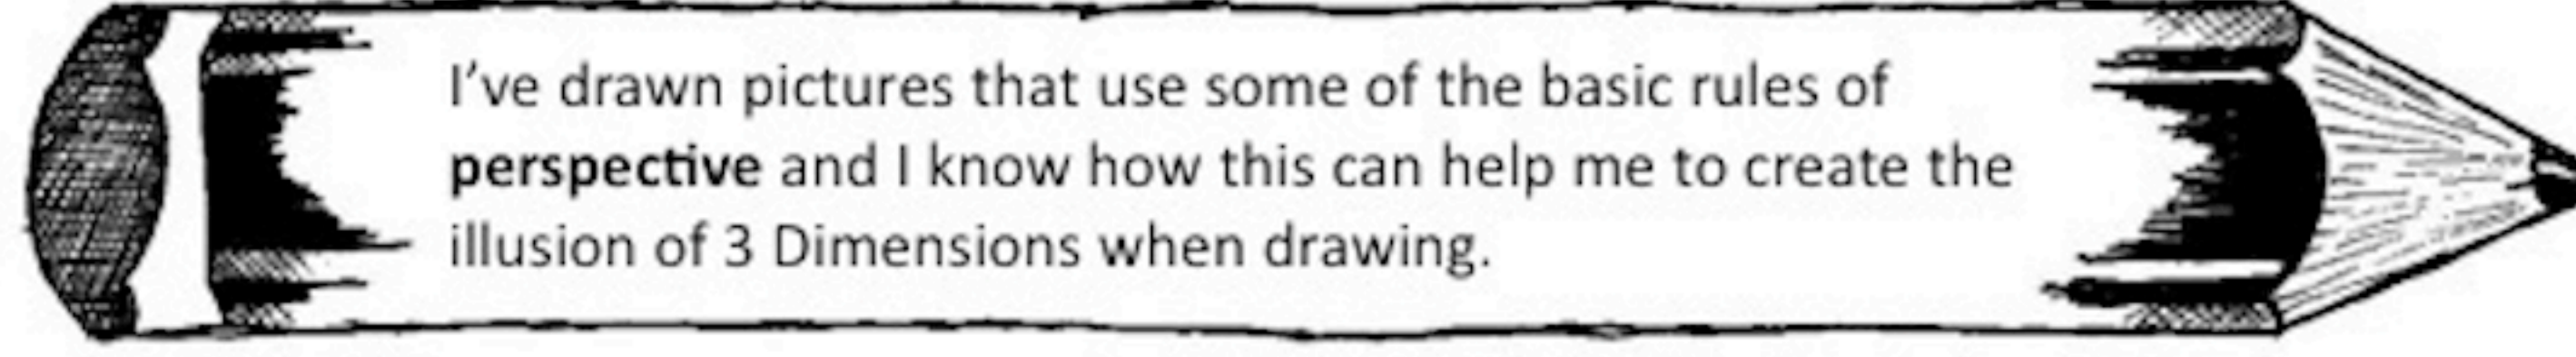

I have shaded a **cube** and I am beginning to understand how to change where I shade light and dark tones according to the direction the light is shining from.

I've done this!
Date completed: _____

I have shaded a flat circle to make it appear like a 3 Dimensional **Sphere**. I have applied the shading in a way that follows and forms the shape of a round object.

I've done this!
Date completed: _____

I've drawn pictures that use some of the basic rules of **perspective** and I know how this can help me to create the illusion of 3 Dimensions when drawing.

I know this!
Date completed: _____

Key words; Cube, Sphere, perspective, geometric, guidelines
